

# Gallery Systems

...hang your art as  
the galleries do

# Better ways to hang your art.

## Why use a hanging system?

- No more nails in the wall or damaged walls to repair
- Align your pictures perfectly horizontally or vertically in minutes
- Install once and then dramatically reduce the time it takes to hang all your precious pictures on the wall
- Saves time and money

### **Simply HANG it, SWAP it, MOVE it & ENJOY it!**

If you have art to hang, Gallery Systems has a solution for you. These include the Slimline System for a more unobtrusive look; the Traditional Picture Rail System to utilise your own picture rails; The original Gallery System for situations where you have heavier pieces; and our exclusive Gallery Lighting System, to bring your precious art to life!

Gallery Systems has been manufacturing hanging systems for over 30 years with 10's of 1000's of happy customers hanging millions of paintings across the globe using our systems.

# The Slimline System

The Slimline System is designed for use in homes, offices, galleries or wherever there is a need to hang lighter artwork (up to 15kg).

It is an unobtrusive system based on a very slim track which is designed to butt up against the ceiling or cornice where it is less visible.

# What do I need to make the Slimline system?

## 1. Slimline System Track & Wall Anchors

Wall anchors are used to fix the Slimline track to the wall. They butt up against the ceiling or cornice and once the track is clipped in place there are no unsightly screws visible. The Slimline track comes in 2m lengths and offered in powder coated white or satin anodised silver.

Note: a minimum of 5 wall anchors is required for every 2m length of Slimline track.

1. Slimline track clips onto Slimline wall anchors.

2. **Hangers** - These fit into the Slimline track and come in a choice of Stainless Steel Cable, Clear Tape and Clearline.

Slimline  
Clear Tape Hangers  
(max 7kg per hanger)

Slimline  
Clearline Hangers  
(max 8kg per hanger)

Slimline  
Stainless Cable Hangers  
(max 15kg per hanger)

3. **Hooks** - These thread onto the hangers to hold up your picture. We offer a choice of push-button hooks (suit Slimline stainless cable only) or the mini hook (suit Slimline stainless cable and Slimline clear tape and Clearline). *NOTE: Do not exceed maximum weight of hangers.*

Slimline Mini  
Hook  
(max 15kg  
per hook)

Slimline Push  
Button Hook  
(max 14kg  
per hook)

## Accessories

**Slimline Endcaps** are available to match the track colour and finish the ends of the track when exposed.

Slimline End Caps (pack of 2)

HangRight Clips (pack of 10)

*NOTE: HangRight Clips can be used with all Gallery Systems products*
